711. Flavoured Cake Special: Battenberg Cake

Battenberg Cake Recipe

Ingredients:

For almond sponge:

175g very soft butter

175g golden caster sugar

140g self-raising flour

50g ground almonds

½ tsp baking powder

3 medium eggs

½ tsp vanilla extract

¼ tsp almond extract

For pink sponge:

1 x ingredients for almond sponge

Pink food colouring (we used ½ tsp Squires rose food paste)

To assemble

200g apricot jam

2 x blocks white marzipan OR white icing of choice (ie buttercream)

Small amount of icing sugar for dusting

Method

1. Heat oven to 180C and line the base and sides of a 8x8 square tin with baking parchment (the easiest way is to cross 2 x 20cm-long strips over the base). To make the almond sponge, put the butter, sugar, flour, ground almonds, baking powder, eggs, vanilla and almond extract in a large bowl. Beat with an electric whisk until the mix comes together smoothly. Scrape into the tin, spreading to the corners, and bake for 25-30 mins – when you poke in a skewer, it should come out clean. Cool in the tin for 10 mins, then transfer to a wire rack to finish cooling while you make the second sponge.
2. For the pink sponge, line the tin as above. Mix all the ingredients together as above, but don't add the almond extract. Fold in some pink food colouring. Then scrape it all into the tin and bake as before. Cool.
3. To assemble, heat the jam in a small pan until runny, then sieve. Barely trim two opposite edges from the almond sponge, then well trim a third edge. Roughly measure the height of the sponge, then cutting from the well-trimmed edge, use a ruler to help you cut 4 slices each the same width as the sponge height. Discard or nibble leftover sponge. Repeat with pink cake.
4. Take 2 x almond slices and 2 x pink slices and trim so they are all the same length. Roll out one marzipan block on a surface lightly dusted with icing sugar to just over 20cm wide, then keep rolling lengthways until the marzipan is roughly 0.5cm thick. Brush with apricot jam, then lay a pink and an almond slice side by side at one end of the marzipan, brushing jam in between to stick sponges, and leaving 4cm clear marzipan at the end. Brush more jam on top of the sponges, then sandwich remaining 2 slices on top, alternating colours to give a checkerboard effect. Trim the marzipan to the length of the cakes.
5. IF USING ANOTHER ICING- Lay the 2 bottom slices on the cake tray/plate of choice, layer with apricot jam, add the 2 other slices, and ice the 3 exposed sides of the cake, omitting the outside apricot jam layer that would otherwise be between the cake and the marzipan.
6. Carefully lift up the marzipan and smooth over the cake with your hands, but leave a small marzipan fold along the bottom edge before you stick it to the first side. Trim opposite side to match size of fold, then crimp edges using fingers and thumb (or, more simply, press with prongs of fork). If you like, mark the 10 slices using the prongs of a fork.
7. Assemble second Battenberg and keep in an airtight box or well wrapped in cling film for up to 3 days. Can be frozen for up to a month.

718. Potato Candy using recipe provided

Potato Candy Recipe

Ingredients

½ cup (105g) mashed potatoes

½ cup (1 stick) salted butter, softened

6-7 cups (800-910g) powdered sugar, plus additional for dusting

2 tsp vanilla extract

Creamy peanut butter for filling

Method

1. Combine mashed potatoes, butter, and one cup of sugar in a large bowl and use an electric mixer to stir until combined.
2. Add remaining sugar, 1 cup at a time and stirring until combined after each addition. Once you've added 6 cups of powdered sugar, check the consistency. If the dough is not moldable in your hands and can't be rolled into a ball, continue to add sugar until it is firm.
3. Stir in vanilla extract.
4. Refrigerate for at least 1 hour (if you chill longer it may become too firm and brittle and will just need to sit at room temperature for 10-15 minutes until it is pliable).
5. Once chilled, divide dough into two pieces and place one piece on a clean surface that you've generously dusted with powdered sugar. Dust the surface of the dough with additional sugar, and use a rolling pin to roll dough out into a rectangle about ¼" thick. If your dough is too sticky or falling apart, you may need to add more sugar, re-shape it into a ball, and start over.
6. Once dough has been rolled into a 1/4 " thick rectangle, spread evenly with peanut butter, leaving a small amount of space peanut butter-free around the perimeter of the dough.
7. Starting with the longer side of your rectangle, gently but tightly roll into a log.
8. Use a knife to slice into pieces about ¼-½" thick.
9. Repeat steps 5-8 with remaining half of dough.

719. Nuts and bolts, any flavour

OAAS Butter Tarts Competition
